## MANUFACTURING

# LOW VOLTAGE SLAB CANISTER

Product code: APE SLABI

### PRODUCT ADVANTAGES

- Easy to install – flange screws directly to formwork and automatically detaches when formwork is removed.
- Accepts butterfly fitting/gimbal.
- Low-cost alternative to green slab canister.
- Suitable for wet areas.
- Height makes it ideal for balconies.

### TECHNICAL SPECIFICATIONS

Product code	APE SLABI
Colour	Black
Material	Flame-retardant Polypropylene
Dimensions	Height: 110mm Internal diameter: 94mm
Minimum order	10
Carton quantity	60

### INSTALLATION INSTRUCTIONS

#### PRIOR TO CONCRETE POUR:

- Fix canister to formwork.
- Install conduit.
- Tie down conduit.
- Apply silicone around conduit.

#### AFTER CONCRETE POUR:

- Insert fitting (best suited for downlights with butterfly clips).
